

This is my archive of Hoda Muthana's social media posts from 2013 to 2017, the period of time in which she was seduced by ISIS recruiters online and then traveled to Syria to become a member.

In two images, the Twitter handles and profile pictures of individuals tagged in Muthana's tweets have been redacted, at the request of those users. They have no associations to ISIS and just happened to attract Muthana's attention.

A number of Muthana's tweets from 2014 and 2015 are shown here as they appeared in a .csv backup file of her account created while it was still active.
